-----

Get the latest vanadium market updates: price trends, expansion of the world's largest energy storage facility, and key company share buyback news.

The joint efforts between Lubao Group and Ivanhoe Group, combining their strengths in industrial expertise and energy innovation, are set to propel VRB Energy New ...

The bidding announcement shows that CNNC Huineng Co., Ltd. will purchase a total capacity of 5.5GWh of energy storage systems for its new energy project from 2022 to 2023, divided into ...

China has completed the main construction works on the world's largest vanadium redox flow battery (VRFB) energy storage ...

This summary synthesizes timelines, policy shifts, technological milestones, and market dynamics, reflecting China's rapid progress in integrating flow battery technologies into ...

China has completed the main construction works on the world's largest vanadium redox flow battery (VRFB) energy storage project. The project, backed by China Huaneng ...

A giant solar-plus-vanadium flow battery project in Xinjiang has completed construction, marking a milestone in China's pursuit of long-duration, utility-scale energy storage.

The joint efforts between Lubao Group and Ivanhoe Group, combining their strengths in industrial expertise and energy innovation, ...

Our grid-scale energy storage systems provide flexible, long-duration energy with proven high performance.

Systems start at 100kW / 400kWh and can be 100MW and larger, typically of 4 ...

while the world debates climate change solutions, China has quietly been stockpiling energy like a tech-savvy squirrel preparing for winter. But instead of acorns, they're ...

A giant solar-plus-vanadium flow battery project in Xinjiang has completed construction, marking a milestone in China's pursuit of long ...

Rongke Power China has just brought the world's largest vanadium flow battery energy project online, marking a massive milestone in long-duration grid-scale energy storage.

Vanadium redox battery provider VRB Energy has announced its intention to build three new factories, one in the US via a new ...

Vanadium redox battery provider VRB Energy has announced its intention to build three new factories, one in the US via a new subsidiary and two in China through a joint ...
