Welcome to Finland - the Silicon Valley of cold climate energy tech. In this article, we'll explore how Finnish engineers are turning sub-zero temperatures into an energy storage superpower.

Thanks to its innovative design, the PowerTitan 2.0 delivers enhanced temperature control, increased efficiency, and long-term ...

Chinese inverter and energy storage manufacturer Sungrow has successfully deployed a 60 MWh battery energy storage system (BESS) in Simo, Finland, situated just over ...

With a power output of 30MW and a storage capacity of 60MWh, this installation will play a vital role in stabilizing the local grid as renewable energy sources like wind and solar ...

Sungrow's PowerTitan is a liquid-cooled BESS, designed for utility-scale applications. The battery system delivers extremely high ...

In northern Finland, less than 100 kilometres south of the Arctic Circle, a new battery storage facility is now supporting the stability of the regional power grid. The plant, ...

Its advanced liquid-cooled technology offers higher efficiency, reliability, and safety, making it a crucial asset for improving energy ...

Its advanced liquid-cooled technology offers higher efficiency, reliability, and safety, making it a crucial asset for improving energy storage capacity. This project, scheduled ...

Thanks to its innovative design, the PowerTitan 2.0 delivers enhanced temperature control, increased

efficiency, and long-term reliability even in the harshest environmental ...

Chinese inverter and energy storage manufacturer Sungrow has successfully deployed a 60 MWh battery energy storage system ...

With a power output of 30MW and a storage capacity of 60MWh, this installation will play a vital role in stabilizing the local grid as ...

Global solar and energy storage leader Sungrow has announced the successful commissioning of a 60MWh Battery Energy Storage System (BESS) project in Simo, Finland, ...

Next-gen prototypes integrate building HVAC systems with storage units - your office's air conditioning could literally power its lighting. Finnish researchers are also experimenting with ...

Sungrow's PowerTitan is a liquid-cooled BESS, designed for utility-scale applications. The battery system delivers extremely high reliability and efficiency under ...
