The innovative and mobile solar container contains a mount of PV modules with a maximum nominal power rating of 60kWh, and can be extended with suitable energy storage systems.

Suitable for tech and retail clients across Ireland, our ...

With zero CO2 emissions, it ensures a sustainable solution for your needs. Thanks to the design integrated into a 10 ft refrigerated container with Thermo King reefer, this battery energy ...

The KS-60A offers 60 kWh of reliable energy storage for commercial applications. It's perfect for reducing grid reliance, enhancing business operations, and providing backup power during ...

Suitable for tech and retail clients across Ireland, our battery storage containers help secure lithium and other types of batteries--and can reduce the risk of fire in the event of ...

The Low Voltage Mast-T60K-A Mobile Energy Storage System offers flexible modular capacity options ranging from 60kWh to 100kWh, with operating noise below 60dB. Equipped with A+ ...

With built-in fire and gas safety detection and advanced power management, it ensures safe and reliable energy performance across industrial applications. Integrated design with high power ...

With built-in fire and gas safety detection and advanced power management, it ensures safe and reliable energy performance across industrial ...

In response to the growing energy management needs of commercial and industrial (C& I), BSLBATT has launched a new 60kWh high-voltage rack-mounted energy storage system.
