This large-capacity, modular outdoor base station seamlessly integrates photovoltaic, wind power, and energy storage to provide a stable DC48V power supply and optical distribution.

Here we adopt 5kW wind turbine together with 5kW solar module as the new energy power supply system, it can fully meet the need of those small base station for 24 hours continuous working.

Data Source Credentials and Scheduled Refresh greyed out in Power BI Service Asked 4 years, 8 months ago Modified 3 years, 3 months ago Viewed 18k times

These areas have poor infrastructure conditions, low power quality, and some areas even have no electricity supply at all. Therefore, wind solar hybrid power generation systems have become ...
