What are Arimon battery cabinets?

Arimon uninterruptible power supply (UPS) backup battery cabinets are available for either front access batteries or top terminal (monobloc) batteries. All battery cabinets are constructed from heavy gauge steel with a durable welded frame and acid resistant powder coated finish available in a wide range of colors.

What are external battery racks & cabinet design encasing solutions?

Our External Battery Racks and Cabinet design encasing solutions are a premium brand that offer industry-standard features in custom design measurements at competitive pricing. They can accommodate various combinations of Batteries, up to maximum number of strings for complete battery ranges.

What are labtron lithium ion battery storage cabinets?

Labtron Lithium Ion Battery Storage Cabinets are engineered for secure storage and controlled battery charging environments. These cabinets feature self-closing, oil-damped doors and triple hinges for maximum structural endurance. They are constructed with a powder-coated steel body and integrated leak-proof sump for safe containment.

Does Aage offer a battery monitoring system?

AAGE offers PowerShield, a comprehensive Battery Monitoring System (BMS) that includes all the hardware and cabling you need for your specific application. Whether you need to monitor your battery health, performance, or capacity, PowerShield can help you optimize your battery life and prevent failures.
